

2023 COMMUNITY PARTNERSHIPS BENEFITING YOUR COMMUNITY HOSPITALS

Huntsville Hospital Foundation's Community Partnerships are our highest-impact sponsorship offerings. Generous companies and organizations ensure our public hospitals can invest in equipment, technology, facilities and programs that serve and improve the health of our entire region. Community Partners have contributed to transformational initiatives like a complete renovation of the Pediatrics unit, priority needs of the Inpatient Hospice Facility, COVID emergency needs, and so much more. The Foundation will connect your contributions and passions in a way that make the biggest difference for patients. Your cumulative giving provides special marketing and visibility benefits for your company, as outlined below.

PARTNERSHIP LEVELS

	HEALING HANDS	PHILANTHROPY PARTNERS	MIRACLE MAKERS	HEALTHCARE HEROES	VISIONARIES
