This is where technology transforms patient care.

Innovative digital patient communication screens

are giving real-time care
insights for patients and
caregivers at the new
Orthopedic & Spine Tower.

Premium Calm app subscriptions for every HHHS team member are providing for
the mental well-being of our most valuable assets – our employees!

11 new dual-temperature
meal tray delivery carts
are now keeping meals the
ideal temperature, increasing
patient satisfaction and
safety throughout
Huntsville Hospital Main.

A **new state-of-the-art**
simulation doll is training
NICU nurses to perform
and practice assessment
skills that are utilized during
medical situations.

This is where donations impact lives every day.

Did you know?

Huntsville Hospital Health System receives minimal local, state and federal support, unlike most public hospitals.

You help bridge the gap to ensure our community has access to world-class facilities, advanced technology, skilled caregivers, and specialized programs – close to home.

Thank you for partnering with us to improve patient lives!
